A New York rumor has it that the Hawaiian Commercial deal was manipulated in favor of the Sugar Trust. Can it be that the local sugar factors are affiliating with their old enemy?

Col. Irving Dale of the First Colorado now at Manila very properly issues a protest against the reports of the misbehavior of the men of the second expedition while in Honolulu. The Colorado boys while here showed themselves to be thorough gentlemen.

General Lee is the latest Democratic officer to appear before the investigation committee of the War Department and state that he has no serious complaints to offer. This following General Wheeler's statement gives another black eye to the Democratic campaign calumny howlers. Now what will Bryan say?

If when the executive has decided that there must be two incumbents for circuit judgeship on the island of Hawaii, another stumbling block will be the failure of the Legislature to provide separate appropriations for the two circuits, the Legislature having voted only one "Salary of circuit judge for the 3rd and 4th circuits."

It will probably be better in the long run if the Kilauea Art League avoid entangling alliances with other organizations, with respect to the building proposition or anything else beyond friendly relations. Let the Leaguers be patient. Other societies now handsomely housed were not so strong as their own when first taken with the ambition to arise and build.

The Star attempts to scandalize Clerk Thompson because it thinks he showed favoritism in sending copies of resolutions passed by members of the bar at Kona. This is a species of newspaper cussedness that the Star does not usually stoop to. Carbon copies were received by the BULLETIN, and there is no reason to believe our contemporary was intentionally left in the lurch.

An almost essential desideratum in the judge or judges for the Hawaii circuits is some knowledge of the Hawaiian language, as well as of Hawaiian business and social modes. This will be all the more desirable if, as may likely happen under the new system of government, separate race juries be abolished. And not the least cogent argument for the proposition is that, to properly fit the shoes of former Judge Lyman and the late Judges Austin and Hitchcock, a man ought to have a human sympathy for the native Hawaiian race.

Senator elect Simon of Oregon has the following to say on the national questions of today.

"I favor the retention of the entire Philippine group, and I should not agree to the ratification of a treaty that remits any portions of them to Spain. I am for Government construction and control of the Nicaragua canal, and favor a Pacific cable. I am for a larger standing Army and a greater Navy. I am especially anxious for the firmer establishment of the gold standard and the reformation of the currency by the retirement of Government paper obligations and the creation of a banking currency."

Yet they say the Republican party is without a policy on the problem of expansion.

EXPRESSION OF GRATITUDE

U. S. GENERAL HOSPITAL,
HONOLULU, H. I., Oct., 1898.

To the Editor EVENING BULLETIN, Honolulu, H. I.—The surgeon in charge wishes to make grateful acknowledgement of many articles of food, furniture, clothing, etc., presented by the following ladies to this hospital since its organization. Too much cannot be said of the ladies of the Red Cross Society who have been uniting in their efforts to give comfort and cheer to the men who have been unfortunate enough to be ill in Honolulu. Many of them as well as their friends will feel that when they leave these islands they will owe not only hours of comfort, but in numberless cases their lives to this branch of the National Red Cross Society. And it is earnestly hoped that Congress at least will, as representing the people of our Great Country show some slight appreciation of the work so humanely performed by loving hands in the name of charity and humanity. Allow me in the name of those men and as representing a part of the Medical Department of the U. S. Army to thank this Society as well as individual ladies who have so generously contributed Hospital Supplies. Personally I feel that what success this new institution has accomplished and attained has been due in no small degree to the Red Cross Society and Ladies of Honolulu.

DAVIS,
Surgeon in Charge.

Soldiers Sentenced.

The soldiers of the New York Regiment on trial for a little episode Saturday afternoon, had their case finished yesterday afternoon. Rodgers was given fifteen days on the reef. He is the one accused of breaking the Chinaman's lamp. Riley and McDonald, the two accused of interfering with police officers in the performance of their duty, were sentenced each to pay a fine of \$20 and costs.

Attorney Kinney noted an appeal in all three cases.
